

Monsters and Microbes.

How the Microbe Would Appear
If Magnified in Size to Cor-
respond With Its Power.

The world has always believed in monsters—great dragons of the land, and huge serpents of the sea. As a rule these monsters have been fairly peaceable, and beyond frightening people occasionally, they have done little recorded harm. The real calamities of humanity have come from the smallest forms of life. The minute microbe has slain its millions upon millions. If this microscopic form of life were depicted in size and form equal to its danger and

deadliness we should see a monster which would dwarf into insignificance all the monsters ever begotten by human imagination. The microbe has this in common with the fabled monster, its food is human flesh and its drink human blood. It hatches on slaughter. For centuries medical science fought this microbial foe in darkness. The presence of the foe was recognized, its deadliness conceded. But it was ever an invisible foe, unknown and unnamed. To-day science with eye-power increased a million fold finds this lurking foe, knows it and names it.

FINDING THE FOE

is the first step, fighting it intelligently is the next. We know this minute organism lurks in the air we breathe, the food we eat, the water we drink. We know the object of attack is the blood. We know that as the microbe is bred from foulness it must be fed on foulness. Hence, we know that the microbe finds no lodgment in the body when the blood is pure. Keep the blood pure and you shut out the microbe.

When the blood is impure nature at once begins to show the red danger signals. Boils, blotches, pimples, eruptions begin to work upon the skin surface, as signs and symptoms of the corruption of the blood. When these or any signs of blood impurity appear, the use of Dr. Pierce's Golden Medical Discovery is confidently recommended as a most powerful and perfect blood-purifying medicine.

"I consider your 'Golden Medical Discovery' one of the best medicines on the face of the earth," writes Wm. Floeter, Esq., of Red Oak, Montgomery Co., Iowa. "While in the south-west, three years ago, I got poisoned with poison ivy. The poison settled in my blood and the horrors I suffered cannot be told in words. I thought I would go crazy. I could do nothing but scratch. I would go to sleep scratching, would wake up in the morning and find myself scratching. I scratched for eight months. Had it

not been for your 'Golden Medical Discovery' I would be scratching yet. I tried different kinds of medicine, tried different doctors, but all the relief they could give me was to make my pocket-book lighter. I then began taking Dr. Pierce's Golden Medical Discovery. Took four bottles without relief. Kept taking it. I took in all ten bottles and got entirely cured. I can say that if people would take your medicine instead of fooling with some of the quacks that infest both the small and large towns, disease would flee like chaff before the wind."

The use of Dr. Pierce's Golden Medical Discovery will absolutely drive out and eliminate the poisons which corrupt the blood.

BAD BLOOD AND GOOD HEALTH

cannot go together. But when the blood is purified and enriched by "Golden Medical Discovery," the result is recorded in sound health. Boils, blotches, pimples and other eruptions disappear as the impurities which caused them are removed. The skin is healthy, the flesh is firm. The dull and sluggish feeling is a thing of the past. The appetite is good, sleep is sound and refreshing and labor an enjoyment instead of a burden.

"It gives me much pleasure to testify to the merits of Dr. Pierce's Golden Medical Discovery," writes Miss Annie Wells, of Fergusons Wharf, Isle of Wight Co., Va. "I can say honestly and candidly that it is the grandest medicine ever compounded for purifying the blood. I suffered terribly with rheumatism, and pimples on the skin and swelling in my knees and feet so that I could not walk. I spent about twenty dollars paying doctors' bills but received no benefit. A year or two ago I was reading one of your Memorandum Books, and I decided to try Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription,' and am entirely cured."

Of all prevalent forms of blood disease, scrofula is the most intractable. Dr. Pierce's Golden Medical Discovery has a remarkable record of cures of scrofulous diseases; remarkable both in the number of cures and their variety as well as in the fact that these cures were effected many times in cases where all other treatment had proved utterly ineffectual.

"I cured my little girl's scrofula with your 'Golden Medical Discovery' and 'Pleasant Pellets,'" writes Mr. Eli Ashford of Raney, Hunt Co., Texas. "It has been four years since then, and there has not been any return of the disease."

There is no alcohol in "Golden Medical Discovery," and it is entirely free from opium, cocaine and all other narcotics.

Why does a dealer sometimes try to sell a substitute for Dr. Pierce's Golden Medical Discovery, claiming it is "just as good?" Is it for the customer's benefit? It can't be. If the two medicines are equal in merit there's no advantage to the purchaser in an even exchange. The medicines are not equal in merit, and the reason for selling a substitute is only because the less meritorious medicine puts a little more profit into the dealer's pocket. His gain is the customer's loss.

A Remedy for the Grippe.

A remedy recommended for patients afflicted with the Grippe is Kemp's Balsam, which is especially adapted for the throat and lungs. Don't wait for the first symptoms of the disease; get a bottle to-day and keep it for use the moment it is needed. If neglected, the grippe has a tendency to bring on pneumonia. Kemp's Balsam prevents this by keeping the cough loose and the lungs free from inflammation. All druggists sell Kemp's Balsam at 25c and 50c. 50 4w
